

Purina® Goat Electrolyte Supplement

LEARN MORE

Formulated for All Life Stages of Goats.

Easy to mix and feed, Purina® Goat Electrolyte Supplement is a great solution to keep on hand so you're always prepared to support your goats.

Supports hydration

Helps replenish electrolytes and nutrients when feed intake is interrupted.

Quick energy

Formulated with dextrose, a simple sugar, that can be absorbed quickly for a boost of energy.

Add to your Just-In-Case Kit

Have a few packs of electrolytes on hand when you need them. With added glycine to aid with absorption.

Simple, easy dosing

Easy to mix formula – scoop included!

DIRECTIONS FOR USE

Mix 1 ounce (approximately 1 scoop) of Purina® Goat Electrolyte Supplement powder into 1 quart of water (100°F) and feed immediately. Feed by bottle at the rate of 2 fluid ounces (1/2 cup) for each 6 pounds of body weight two to three times daily in between regular milk replacer feedings. See packaging for additional feeding instructions for weaned/adult goats.
